London, March 27.—The Cape Town correspondent of the Daily Express reports the capture by 100 Boers of 180 Colonialists in a rocky defile near Richmond last Thursday. He asserts that the Colonialists lost thirteen men before they surrendered, adding that they were all liberated after having been stripped of their accoutrements.

London, March 27.—The dispatch from Vryheid is regarded as giving the total of Gen. French's captures throughout his operations. It indicates, therefore, the capture of one additional gun and of additional Boers and war material.

KRUGER'S OPTIMISTIC VIEW.

London, March 27.—The Amsterdam correspondent of the Daily Mail wires the substance of an interview with Mr. Kruger, whom he found in a "most optimistic frame of mind."

"Gen. Babington's victory over Gen. Delarey has been, Mr. Kruger thought, exaggerated in the reports."

He said the Magaliesburg range and Rustenburg were again in the possession of the Boers," continues the correspondent, "and the old guerilla game would continue until England had been forced into making peace overtures."

OBJECTS TO MANY POINTS.

BUT CHINA HAS NOT ABSOLUTELY REJECTED THE MANCHURIAN CONVENTION.

London, March 27.—The Renter Telegram company has received the following dispatch:

Pekin, March 26, 7 p. m.—The report that China rejects the Manchurian convention is not true. She objects to many points which are under discussion. China strenuously objected to the prohibition of the importation of arms and ammunition into Manchuria and to the provision forbidding China to construct her own railways without Russia's consent. She also takes exception to relinquishing autonomy in Chin-Chow.

"China does not desire to grant a concession which would be likely to prove an embargo to other powers."

Mr. Chamberlain is said to have replied that it would not be advisable to disassociate the authority of Sir Alfred Milner from that of Lord Kitchener, and the rumor goes that Sir Alfred contemplates resigning.

"It is an open secret," says the Daily Express, "that Sir Alfred Milner has long chafed at having Lord Kitchener at his elbow to check or modify his proposals."

There were two explosions, blowing off the outer door and one entering the safe. An old-time safe was used as a money vault. The burglars left all the silver scattered over the floor. Four men are suspected who left on horseback or a gasoline boat. The town was not aroused by the explosion. The burglars broke into a car at the inspector's shop and stole the tools. The capital of the bank is \$40,000. Cashier G. W. Strode was absent on a visit to Trenton when the robbery occurred.

DELAY CHANGE

Military Government of the Philippines is to Be Prolonged.

NOT READY FOR CIVIL RULE

General Chaffee Will Not Succeed General MacArthur as Military Governor of the Islands.

WILL INSPECT MILITARY POSTS.

Washington, March 27.—The civil government in the Philippines will not be established throughout the islands as early as the authorities had hoped, or, in fact, as they had given correspondents to understand. It has been said within the past week that the military would give way to the civil about the middle of May. Now, however, it is announced, since the receipt of a dispatch from Judge Taft, that the civil government will not be established before July 1. It was planned that Maj. Gen. Chaffee would succeed Gen. MacArthur as soon as he arrived in the Philippines, but as Secretary Root has made up his mind to retain Gen. MacArthur until the civil form of government is established, Maj. Gen. Chaffee must be given other duties upon his arrival in Manila. He will inspect the military posts throughout the islands and report regarding changes needed in policing the islands.

Several representatives talk of accompanying Representative Hull, of Iowa, chairman of the house military committee, who intends to leave early next month for the Philippines to study the situation there.
